## Around the World Vaudeville Circuit Is Planned by Marcus Loew.

By EMORY B. CALVERT.

NEW YORK, May 15.—In many a line from two-for-a-quarter col-  
lars and tin cans to automobiles  
and harvesting machines, America now  
rules the world. And from some things  
Marcus Loew told me today, I conclude  
that Uncle Sam will soon be the globe  
dicator in vaudeville.

The meteoric career of Mr. Loew has  
been always a matter of interest to  
me. In the last seven years he has al-  
most revolutionized the popular amuse-  
ment business of the United States—  
and incidentally has built up a sur-  
prisingly large private fortune. Now  
he believes he can send his companies  
round the globe.

Plans World Circuit.

"I have had a world circuit in mind for  
three years now," said Mr. Loew. "I  
leave soon to look over the British  
vaudeville situation and will go from  
there to South Africa, Australia, New  
Zealand and the Hawaiian Islands, com-  
pleting a tour of the globe."

"I hope soon to be able to offer per-  
formers 25 weeks in Australia, 19 or 22  
weeks in South Africa, about four weeks  
in New Zealand and a short stay in the  
Hawaiian Islands, with a tour of England  
added."

"Of course I realize it would be im-  
possible to send to those countries the  
same vaudeville shows which tour my  
American circuit, so I plan to put sev-  
eral English acts and more acrobatic  
and 'light' acts in my companies when  
I send them around the world."

At the present time Mr. Loew or-  
ganizes in New York his "road shows,"  
consisting of six vaudeville acts and a  
big feature photo play, which go on a  
40 week tour of his American circuit.  
He has recently made arrangements to  
display the Hearst-Selig reel of interest-  
ing news events.

With his purchase of the 47 houses in  
the Sullivan-Candlish circuit, he now  
has 117 houses in the United States and  
Canada.

To Build Theater Chain.

He will shortly build a chain of the-  
atres through northwest Canada, con-  
necting his Vancouver house with his  
Winnipeg and Toronto houses. His road  
shows would then start from New York  
by the southern route to the west, re-  
turn by way of northwest Canada and  
leave Montreal for England, going from  
there to South Africa, Australia, New  
Zealand and the Hawaiian Islands.

## Spotless Kitchens

Beautiful kitchens with their shin-  
ing equipment of utensils and  
stove or range with their bright  
nickel-plated ornaments should  
not be marred by a black and un-  
sightly sink.

Not only on account of appear-  
ances but also for the sake of  
cleanliness in the preparation of  
food you should have a snow-  
white easily cleaned sink in your  
kitchen.

Sinks of various designs for  
either corner or by the window  
enable us to suit your fancy and  
being made with back, end piece  
and drainboard integral with the  
sink insure kitchen hygiene.

### To Whom It May Concern:

This is to certify that Dr. R. G. Milling  
attended my daughter during a severe  
spell of fever about six years  
since. I can truthfully say the results  
were most gratifying. Had Dr. M. at-  
tended her with the same results, would  
most naturally credit him, and his  
treatment with mine, so could do no  
less for Dr. Milling and his treatment.  
I. B. Platt,  
P. O. Cisco, Texas.

### Metrol, Texas, May 27, 1912.

Dear Sir:—This is to certify that  
about eight months ago I took treat-  
ment for stomach, bowel and liver  
trouble of Dr. Milling. I am completely  
well from those troubles. I recommend  
Dr. Milling to all sufferers.  
Henry W. Derstine, Postmaster.

### Cisco, Texas, July 23, 1911.

This is to certify that on May 15 my  
wife had a severe case of bronchial  
trouble and was gasping desperately  
for breath, and it seemed that she could  
hardly have survived had not Dr. Mil-  
ling been called on and after one treat-  
ment and in less than half an hour she  
was relieved.  
Gomer Williams, Postmaster.

### Abilene, Texas, May 28, 1912.

Dear Sir:—It is with great pleasure  
I testify to the great good you have  
done me. I was a sufferer from stom-  
ach trouble and placed myself under  
your care last August. After three  
weeks treatment I returned home a  
well woman and am well today.  
Mary E. Clinton.

### Carbon, Texas, June 12, 1912.

This is to certify that I was in very  
bad health for over a year with what  
the doctors said was appendicitis. My  
side pained me a great deal, was in bad  
some of the time. The doctor said I  
would have to be operated on. I de-  
cided to go to Dr. Milling, and stayed  
about two weeks, and when I came  
home I was a well man and have never  
had my side pain me any more. I  
thank him very much for he saved me  
from the operating table.  
Very sincerely yours,  
Porter Hearn,  
Eastland County.

### Aspermont, Texas, May 31, 1912.

Dr. Milling, Dear Sir:—I was troubled  
for some time with a pain in my side  
that made me wholly unable to do my  
work. The sickness finally became so  
serious that something had to be done.  
I consulted the doctors in my home  
town and they decided to treat me for  
appendicitis. They put me on light  
diet for two weeks together with care-  
ful treatment. No relief was found. I  
went to Dr. Milling, who now resides  
in Putnam, Texas. He treated me for  
several days and I have been perfectly  
well ever since. Yours truly,  
W. B. Bingham.

### Wayland, Texas, July 2, 1911.

I was in bad health 15 years and suf-  
fered with rheumatism. Often I would  
be down for six weeks at a time. Now  
I am enjoying good health. I give Dr.  
R. G. Milling the praise for it. I went  
to him and took four treatments and  
have been a different man ever since.  
It has been three years since he  
treated me, and I haven't taken a dose  
of medicine since.  
I. Boles.

### Cisco, Texas, Aug. 17, 1911.

Dr. R. G. Milling, Putnam, Texas.  
With a great deal of pleasure and for  
the afflicted ones I write you this testi-  
monial, and thus past has proven all

### That I may say, and the future time I

am quite sure will verify the time of  
the past.  
For over eight years my boy, Clinton  
Alexander, was afflicted with catarrh  
of the head and throat to such an ex-  
tent that an operation was neces-  
sary. After the operation the disease was just  
as bad as before and grew worse each  
day until other methods had to be used.  
After the skill of other physicians  
had been used to cure him and failed,  
he decided to go to Dr. R. G. Milling,  
which was over a year ago, and at that  
time his general health began to im-  
prove. I can truthfully state that in  
seven days he was cured, and from the  
time Dr. Milling treated him to this  
date he has been in good health and  
free from all symptoms of the terrible  
disease he was suffering from. I wish  
that I might urge all afflicted ones to  
go to Dr. Milling. His treatment  
causes you no suffering, but new life  
and new hope are given by his treat-  
ment. Respectfully yours,  
Mrs. J. D. Alexander.
